POLICY & PROCEDURES

Chapter: E
Section: .1900
Title: **Recreation**
Issue Date: 10/05/07
Supersedes: NEW

.1901 Purpose

The North Carolina Division of Prisons recognizes the benefits of recreation and its role in maintaining physical and mental well being. The purpose of this policy is to provide guidelines for a comprehensive recreational program at each facility that meets the needs and interest of the inmate population and provides both structured and leisure time recreational activities for all inmates, consistent with their custody classification.

.1902 Coordination

- (a) A Program Director will be designated to coordinate the Recreation Program at the Division level. The Division recreation Director will monitor the implementation of the program, maintain the policy and standards assist the division staff in interpreting the policy, review each facilities recreation plan and assist field staff in developing recreation programs and plans.
- (b) Each facility head will designate a staff person to coordinate the recreation program. The coordinator should have a bachelor's degree in recreation and leisure services or the equivalent combination of education and experience. The coordinator will monitor the implementation of the program, ensure compliance with the Recreation Policy, develop coordinate and implement the annual recreation plan, maintain equipment, and keep an accurate inventory of recreation equipment.

.1903 Equipment and Facilities

- (a) Each facility will have designated areas for indoor and outdoor recreation. The areas should be adequately maintained and in good condition. Sufficient space should be provided to ensure that each general population inmate is offered at least one hour of access daily.
- (b) Safety and fire standards are developed and utilized for areas designated for recreation. A complete first aid kit should be available during all recreation activities.
- (c) Areas designated for outside recreation should be adequately maintained to aid in the safety of activity participants.
- (d) Each facility should maintain the appropriate amount of equipment to adequately conduct the activities as outlined in the facility recreation plan.

- (e) All equipment will be maintained in a safe and secure manner and should be on acceptable condition.
- (f) All equipment will be maintained on a current inventory at the facility.

.1904 Program Requirements

- (a) Comprehensive Annual Recreation Plan.

Each facility should develop a comprehensive recreation plan annually. The plan should include leisure time activities, structured activities, special activities, and recognition activities. The plan will specify the type and frequency of the various recreational activities offered by the facility. Activities should be designed to promote the physical, mental, emotional and social well-being of the population.

- (b) Activities

- (1) Leisure Time Activities – Activities that are of a non- structured nature in which inmates may choose to participate to pursue personal interests at their own pace on their own time. Leisure time activities may include, but are not limited to, arts/crafts, reading, table games, weightlifting, basketball, music and horseshoes.
 - (2) Structured Activities – Activities that are organized under the direction of the recreation coordinator and are supervised by designated staff. Generally, these types of activities are offered on a regular basis to the inmate population. They may include individual and team sports and tournaments, instructional classes, movies, inmate service and recreation clubs. Structured activities may include, but are not limited to, intramural tournaments, league play, art classes, softball, weightlifting, basketball, ping pong, table games and physical fitness programs.
 - (3) Special Activities – Activities that are non routine activities or presentations. They are organized under the direction of the recreation coordinator and supervised by designated staff. Special activities may include, but are not limited to, seasonal / holiday activities, invitational tournaments, art exhibits, plays, musical presentations, field day and talent shows.
 - (4) Recognition Activities – Activities offered to the population as motivation and incentive for participation in recreational activities.
- (c) Handicapped - Inmates who are handicapped by a physical or mental disability should be provided recreational opportunities. Activities for the handicapped population should be included in the annual recreation plan. Handicapped inmates should be included in scheduled recreational activities whenever possible.
 - (d) Segregated Inmates – Inmates that are housed in segregation are provided out of cell exercise and additional recreational privileges per policy C. 1200, Conditions of

Confinement.

- (e) Community Involvement – The facility recreation program should provide opportunities for community interaction with the inmate population to the extent that the custody classification will permit. This involvement should, include but not be limited to; utilizing volunteers to provide instructional sessions.
- (f) Administration
 - (1) A schedule of daily recreational activities should be made available to the inmate population and posted on inmate bulletin boards.
 - (2) A current Annual Comprehensive Recreation Plan will be maintained on file at the facility and will be submitted to the Division Recreation Director by January 31 each year.
 - (3) Documentation on the implementation and completion of structured and special activities and programs will be maintained on file at each facility.
 - (4) Each facility will develop procedures to guide in the selection, training and use of inmates as recreation assistants.
 - (5) Each facility will evaluate their program on an annual basis to determine if the program meets the needs of the inmate population. The evaluation should be kept on file at the facility and a copy should be forwarded to the Division Recreation Director along with the annual comprehensive recreation plan.
- (g) Movie Rentals
 - (1) It is permissible/legal to show movies to groups of inmates when a Public Performance License is purchased; the license must be purchased on an annual basis. The license fee is determined by multiplying the company cost per inmate minus the inmates who will not be able to participate in the program i.e. segregation, H-Con, I-Con or other populations.
 - (2) Movies must be rented or purchased at various rates depending on the type of movie and the time it releases.
 - (3) Rentals are available from local vendors such as Blockbuster, Wal-Mart, Movies and More, etc.
 - (4) License will be purchased using Regional Welfare Funds and movie rental fees will be paid with Local Welfare Funds. The fees must be allocated from the current welfare allocation.

- (5) Inmate Service Clubs cannot provide funding to either purchase a license or to rent movies.
 - (6) Inmates may not be charged a fee to view movies.
 - (7) Licenses can be obtained from different companies. It should be noted that no one company's license will cover all producers. The facility should be certain to identify which production companies the license covers.
- (h) Arts
